EXPERIENCED LEADER & COMMUNITY BUILDER

As your council member, I support investing in our parks and green space, promoting an inclusive community, and making city government more accessible. I have over 20+ years of leadership experience working with and for local governments. City government should not be divisive or high profile; it is meant to be practical, fiscally responsible, and forward thinking.

It's the trails where our kids learn to ride a bike, the storm sewers that protect our lakes, treatment plant that provides clean water, and snowplows that clear our streets. I am committed to keeping our community safe, vibrant, and full of opportunity for all people.

Shoreview is where my wife and I raised our 2 college-aged kids. We chose Shoreview for its stability, schools and community amenities that are funded by caring residents and amazing businesses. I will work with you to make Shoreview the place we are all proud to call home.
